

Flight in the Danger Zone!

This interesting seminar will begin with a review of interpreting Sectionals and understanding the regulations pertaining to different types of Airspace. We will also be discussing airport operations which can often be a challenging environment, and can even pose a collision danger in the air or on the ground when pilots don't follow the recommended procedures. We will review regulations and recommended procedures when operating at airports, to help make us safer pilots. Please click on the link below to see more details and to register for this event! Seating is limited!

Directions: Please see map link for directions, seminar will be in the large hangar.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants.
